## Advertising Text

When it's your home, it's all about your privacy. That's why choosing the right indoor camera is so important. Eve Cam is the first camera designed exclusively for Apple HomeKit Secure Video, enabling you to securely store activity detected by Eve Cam in iCloud. It was built from the ground up to protect your privacy.

**USPs:**  
 100% privacy: HomeKit Secure Video | Presence-based event | Rich Notifications | People/Pet/Vehicle detection | Flexible installation | 150° field of view with night vision
