### **We're making our packaging more sustainable**

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

### **Nous rendons nos emballages plus durables**

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

### **Queremos hacer más sustentables nuestros materiales de embalaje**

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

## INSIDE THE SANCTUM SANCTORUM

### WHERE ALL IS NOT AS IT SEEMS...

Our tour of this famous, mystical building begins on the top floor. Feel free to hang your Cloak of Levitation and browse a collection of Doctor Strange's most treasured artifacts. Down a level, pay close attention to the door, which with a skilled touch will uncover a portal to new worlds. Coming down the grand staircase, you'll find the iconic entrance to the Sanctum Sanctorum, alongside many recognizable features from the strange life of the Sorcerer Supreme.

## À L'INTÉRIEUR DU SAINT DES SAINTS

### OÙ TOUT N'EST PAS CE QU'IL SEMBLE ÊTRE...

Notre visite de ce bâtiment célèbre et mystérieux commence au dernier étage. Accrochez votre cape de lévitation et explorez une collection des objets les plus précieux de Doctor Strange. Un étage plus bas, portez une attention particulière à la porte qui, si elle est manipulée avec doigté, ouvrira un portail vers de nouveaux mondes. En descendant le grand escalier, vous trouverez l'entrée emblématique du Saint des Saints, ainsi que de nombreux éléments reconnaissables de la vie étrange du Sorcier Suprême.

## EL INTERIOR DEL SANTUARIO

### DONDE NADA ES LO QUE PARECE SER...

Nuestro recorrido por este famoso y místico edificio comienza por la planta superior. Puedes colgar tu Capa de Levitación y explorar una colección de los artefactos más apreciados por el Doctor Strange. Un nivel abajo, no pierdas de vista la puerta, que con un hábil movimiento revelará un portal a nuevos mundos. Sigue descendiendo y encontrarás la icónica entrada al Santuario, además de muchas características reconocibles de la extraña vida del Hechicero Supremo.

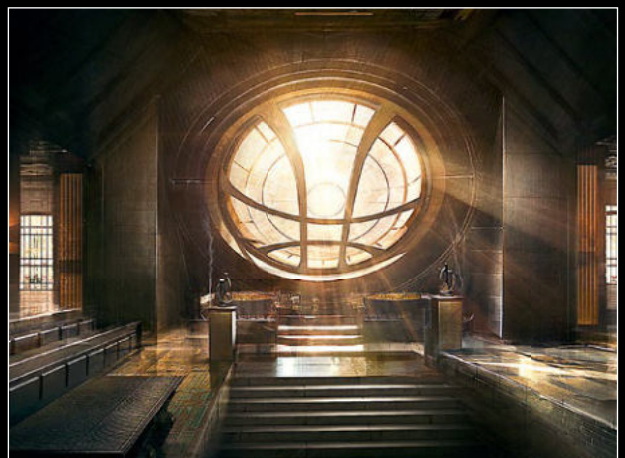

## BUILDING THE SANCTUM SANCTORUM

### WITH LEGO® SENIOR MODEL DESIGNER JUSTIN RAMSDEN

"As the designer for this set, it was my challenge to summon up a magical, mystical, modular Sanctum fit for Doctor Strange! My work began with the best kind of research – watching movies from the Marvel Cinematic Universe and noting down details. As the designer who worked on the previous Sanctum (76108 – Sanctum Sanctorum Showdown), it was great to be able to revisit and rework this set and consider what new details I could include and how they might enhance the building and play experiences. We've designed it to include characters and scenes from both Marvel Studios' *Avengers: Infinity War* and Marvel Studios' *Doctor Strange in the Multiverse of Madness*.

I especially enjoyed designing Doctor Strange's Sling Ring portals. These removable brick-built sections can be reconfigured throughout the model allowing for multiple play-and-display opportunities. I also loved collaborating on this set with a great team of talented designers, from all over the world. The collaborative atmosphere is one of my favorite things about my job at the LEGO Group and is way more inspiring and exciting than just building models alone at my desk!

We really hope fans, like you, will love the model. We've put a huge amount of passion into this project and hopefully you'll enjoy building the set, be proud to have it on display and love all the small details and awesome minifigures!"

## LA CONSTRUCTION DU SAINT DES SAINTS

### AVEC LE CONCEPTEUR DE MODÈLES PRINCIPAL LEGO® JUSTIN RAMSDEN

« En tant que concepteur de cet ensemble, j'ai dû relever le défi de créer un Saint des Saints magique, mystérieux et modulaire digne de Doctor Strange ! Mon travail a commencé par le meilleur type de recherche : regarder des films de l'univers cinématographique Marvel et prendre note des détails. Ayant travaillé comme concepteur sur le Saint des Saints précédent (76108, La confrontation dans le Saint des Saints), j'ai été ravi de pouvoir revisiter et retravailler cet ensemble, et de déterminer les nouveaux détails à inclure de même que comment ils pourraient améliorer l'expérience de construction et de jeu. L'ensemble a été conçu pour inclure des personnages et des scènes du film *Avengers : La Guerre de l'infini* et *Docteur Strange dans le multivers de la folie* de Marvel Studios.

J'ai particulièrement apprécié concevoir les portails générés par le double anneau de Doctor Strange. Ces sections amovibles en briques peuvent être reconfigurées sur l'ensemble du modèle, ce qui offre de multiples possibilités de jeu et d'exposition. J'ai également adoré collaborer sur cette série avec une grande équipe de concepteurs talentueux issus du monde entier. Le travail en collaboration est un des aspects que je préfère dans mon travail au sein du groupe LEGO, et il est bien plus inspirant et excitant que de construire des modèles tout seul à mon bureau !

Nous espérons vraiment que les amateurs, comme vous, aimeront le modèle. Nous avons mis énormément de cœur dans ce projet et nous espérons que vous prendrez plaisir à construire l'ensemble, que vous l'exposerez avec fierté et que vous adorerez tous les petits détails et les superbes figurines ! »

## CONSTRUYENDO EL SANTUARIO

### CON EL MODELISTA SÉNIOR DE LEGO® JUSTIN RAMSDEN

"Como diseñador de este set, asumí el desafío de hacer aparecer de la nada un Santuario modular lleno de magia y misticismo, ¡digno del Doctor Strange! Mi trabajo comenzó investigando de la mejor manera que existe: mirando las películas del universo cinematográfico Marvel con toda atención a los detalles. También trabajé en la recreación anterior del Santuario (Duelo en el Sancta Sanctorum [76108]), y fue fantástico poder volver a visitar y reinventar este set incluyendo nuevos detalles que pudieran mejorar las experiencias de construcción y juego. El diseño final incluye personajes y escenas de las películas de Marvel Studios *Avengers: Infinity War* y *Doctor Strange en el Multiverso de la Locura*.

Lo que más disfruté fue diseñar los portales de anillo del Doctor Strange. Estas secciones removibles hechas con bricks pueden reconfigurarse por todos los rincones del modelo, lo que da lugar a múltiples oportunidades para jugar y exhibir. También me encantó colaborar con un genial equipo de talentosísimos diseñadores de todo el mundo en la creación de este set. La atmósfera de colaboración es de las cosas que más me gustan de mi trabajo en The LEGO Group. ¡Es mucho más inspirador y emocionante que construir modelos solo en mi escritorio!

Queremos que este modelo se convierta en el favorito de todos los fans. Dedicamos una enorme pasión a este proyecto, por lo que esperamos que lo disfruten, se sientan orgullosos de exhibirlo, ¡y les encanten los pequeños detalles y las asombrosas minifiguras!"

## DESIGNING THE SANCTUM SANCTORUM

### WITH LEGO® GRAPHIC DESIGNER ASHWIN VISSER

"As one of the four Graphic Designers on this project, it was my job to design some of the minifigures and the sticker sheets which help bring the Sanctum Sanctorum to life. I spent lots of time looking at the movies to make sure that we captured the different look and feel of the different Marvel Cinematic Universe references that we have in this set.

At one point in the process, we had so many ideas and references that we wanted to include, but knew that we just didn't have space, so we had to make some tough decisions. That's not easy when we're all big fans of the Marvel Cinematic Universe!

Doctor Strange is such a great and interesting character to work with. Due to his use of magic, there's an element of the unexpected that we wanted to transfer into this set. That's why it was really great to collaborate with Justin on some of the features like the portals and think creatively about how we can use stickers to create an exciting play function."

## LA CONCEPTION DU SAINT DES SAINTS

### AVEC LE GRAPHISTE LEGO® ASHWIN VISSER

« Ma tâche en tant que l'un des quatre graphistes de ce projet consistait à concevoir certaines des figurines et les feuilles d'autocollants qui contribuent à donner vie au Saint des Saints. J'ai passé beaucoup de temps à étudier les films pour m'assurer que nous rendions bien le caractère distinctif des différentes références à l'univers cinématographique Marvel que nous avons intégrées dans cet ensemble.

Au cours du processus, nous avons énormément d'idées et de références que nous voulions inclure, mais nous savions que nous n'avions tout simplement pas l'espace nécessaire, alors nous avons dû faire des choix difficiles. Ce n'est pas facile quand l'équipe est entièrement composée d'amateurs de l'univers cinématographique Marvel !

Doctor Strange est un personnage si formidable et intéressant avec lequel travailler. La magie qu'il utilise comporte un élément de mystère que nous avons voulu transposer dans cet ensemble. C'est pourquoi j'ai adoré collaborer avec Justin sur certaines caractéristiques, comme les portails, et concevoir de manière créative comment utiliser les autocollants pour ajouter une dimension ludique passionnante. »

## DISEÑANDO EL SANTUARIO

### CON EL DISEÑADOR GRÁFICO DE LEGO® ASHWIN VISSER

"Como uno de los cuatro diseñadores gráficos de este proyecto, mi trabajo consistió en diseñar algunas de las minifiguras y las hojas de calcomanías que ayudan a dar vida al Santuario. Pasé muchas horas mirando las películas para asegurarme de capturar la particular apariencia y sensación de las distintas referencias del universo cinematográfico Marvel que hay en este set.

En un punto del proceso, llegamos a tener un montón de ideas y referencias que queríamos incluir, pero fue necesario tomar algunas decisiones difíciles porque sabíamos que no había suficiente espacio. ¡No es fácil cuando todos los involucrados son grandes fans del universo cinematográfico Marvel!

El Doctor Strange es un personaje maravilloso, y trabajar con él es toda una experiencia. No podríamos entenderlo sin su magia, por lo que quisimos imprimirle esa esencia de lo inesperado al set. Por tal motivo, me encantó colaborar con Justin en algunas de las características, como los portales, y pensar creativamente en cómo usar las calcomanías para dar lugar a una función de juego emocionante".

## FOR MY NEXT TRICK...

A visit to the Sanctum Sanctorum rewards curious and keen eyes! We've enjoyed hiding many references to the world of Doctor Strange within this set, such as the hidden portal to Kathmandu on the roof (and a handy guide for when you get there), the photo of Doctor Strange and Wong together, x-rays that call back to his origin story and the armchairs in which Thor and Doctor Strange shared a memorable introduction. Not to mention numerous well-hidden Infinity Stones. What other references can you find?

## Y PARA EL SIGUIENTE TRUCO...

¡Una visita al Santuario es un deleite para los ojos atentos y curiosos! Disfrutamos ocultando muchas referencias al mundo del Doctor Strange en este set, como el portal a Katmandú en el techo (y una útil guía para cuando llegues allá), la foto del Doctor Strange y Wong juntos, la radiografía que nos remonta a su origen y los sillones en los que Thor y el Doctor Strange compartieron una memorable presentación. Ni qué decir de numerosas Gemas del Infinito convenientemente escondidas... ¿Qué otras referencias encontrarás?

## POUR MON PROCHAIN TOUR...

Une visite au Saint des Saints est un régal pour les yeux curieux et vifs ! Nous avons adoré cacher de nombreuses références au monde de Doctor Strange dans cet ensemble, comme le portail caché vers Katmandou sur le toit (et un guide pratique pour préparer votre arrivée), la photo de Doctor Strange et Wong ensemble, les radiographies qui rappellent ses origines et les fauteuils dans lesquels Thor et Doctor Strange ont partagé une introduction mémorable. Sans oublier les nombreuses pierres d'infinité cachées. Quelles autres références pourrez-vous trouver ?
