

User`s manual for Globe PS-SHIFU-027

FAQ and instructions for using product:

- How exactly does Orboot work?

All you need is a smart device and the Orboot globe. Use your device to scan icons on the AR- powered globe, pick a category to explore, and learn away! • Do I need WiFi/internet to use Orboot?

Only once, to set up the app! After the Orboot app is set up on your device, you can play the games offline, without the internet. However, you will need to connect to the internet from time- to-time to update your app and have access to all new games and levels.

- What age is Orboot Dinos recommended for?

Orboot Dinos is recommended for boys and girls from 4 to 8 years.

- Do I need batteries to operate Orboot?

No, you don't need batteries, Bluetooth, or any other extra electronics or hardware to use Orboot.

How It works :

- • **Scan** the globe with your device to see dinosaurs pop up in 3D
- • **Tap** on any dino to know more through interactive voiceovers
- • **Play** engaging games to sharpen cognitive skills
