motorola edge #80

Before using your phone, please read the legal, safety and regulatory information provided with your product.

*Charge your phone using a Qi-certified wireless charger (sold separately). Your phone can wirelessly charge another Qi-compatible device. Swipe up from the Home screen and tap **Settings** > **Battery** > **Power sharing**, then tap the switch to turn it on.

Put in a physical SIM card and power on

1 Insert the SIM tool into the tray hole to pop out the tray

Make sure you use the correct size SIM card and don't cut the SIM card

2 Insert the SIM card with the gold contacts up, then gently push the tray into the slot.

3 Press and hold the power button, then follow the prompts to get started.

Note: to turn off your phone, press and hold the Power and Volume up buttons at the same time

eSIM option: your phone may have an eSIM (embedded SIM card) in addition to the physical SIM card. Contact your service provider for details if you want to activate and use it.

Connect with 5G: 5G service plan and 5G network coverage required; available only in selected areas; device not compatible with all 5G networks. Contact your service provider for details.

Do not use screen protectors thicker than 0.5mm.

Legal Information. This guide provides important legal, safety and regulatory information that you should read before using your product. For the complete legal information, from the Home screen swipe up and tap Settings > Q, then type Legal information or visit

www.motorola.com/device-legal

Water, splash and dust resistance. Liquid damage not covered under warranty. Water, splash and dust resistance were tested to IP68 standards under controlled laboratory conditions. Withstands immersion in up to 1.5 metres of fresh water for up to 30 minutes. Resistance will decrease as a result of normal wear. Not designed to work while submerged underwater. Do not expose to pressurised water, or liquids other than fresh water. Do not attempt to charge a wet phone. Not waterproof. For more about your phone's water-repellent design and care, swipe up and tap Settings > Help. Battery safety. To prevent possible burning and injury, the battery in your phone should only be removed by a Motorola-approved service centre or similar skilled personnel

If your phone becomes unresponsive, press and hold the power button until the screen goes dark and your phone restarts. Charge your phone using a compatible Motorola charger (may be sold separately). Use of other chargers is not recommended and may impair the charging performance. Don't charge your phone in temperatures below-20°C or above 45°C. Chargers that do not comply with applicable national standards may be unsafe, with risk of death or injury, and may cause slow charging or product damage. To view applicable standards and to learn more, see the "Legal information" section of this quide or visit www.motorola.com/device-legal.

Warning about high volume usage. To prevent possible hearing damage, do not listen at high volume levels for long periods. When your headset volume reaches the high volume threshold, a warning will be shown. Tap OK to dismiss it, or wait one to five seconds, then press the Volume up button to dismiss the alert and enable the volume to continue to be adjusted.

Disposal and recycling. For help recycling products and packaging responsibly, visit www.motorola.com/recycling.
