

ULTRASONIC SKIN CLEANSER

Discover the ultra-deep cleansing prowess of this ultrasonic skin cleanser, a dual-action facial cleanser and gentle exfoliator. Ultrasonic technology pairs with high-frequency vibrations for a complete pore cleanse, while the galvanic mode boosts the absorption of your favourite skincare products. This electric face cleanser is USB rechargeable, making your deep pore cleansing routine effortless and effective.

- ▶ Deeply purifies the skin, unclogging pores and removing impurities.
- ▶ Gently exfoliates dead cells, revealing smoother skin with improved texture.
- ▶ Optimises serum absorption to increase skincare benefits.
- ▶ Customisable cleansing modes offer tailored facial treatments.
- ▶ A portable and travel-friendly design ensures your skincare routine doesn't pause on the go.
- ▶ Easy USB recharging for a convenient, eco-friendly power solution.
- ▶ 24,000 ultrasonic vibrations per second.
