

# Wave Mini

Indoor air quality monitor with mold risk indication

## DOWNLOADS

## 🔗 DIGITAL USER MANUAL

Airthings Wave Mini is small in size but big in impact. With three indoor air quality sensors, plus mold risk indication to proactively prevent mold, Wave Mini is a necessity in every home. Track airborne chemicals, humidity, temperature and mold risk to visualize the air quality from room to room and reach optimal health and comfort. When you understand the air quality in your home, you can make small changes to your everyday habits to optimize your air quality. Keep your home, valuables and family healthy and safe from mold damage with Wave Mini, now with mold risk.

## AIRTHINGS HOME SYSTEM

Wave Mini is part of the Airthings healthy home air quality monitoring system. Download the [Airthings app](#) and connect Wave Mini to easily check your air quality and browse graphs over time. Connect Wave Mini to an Airthings hub\* device and get 24/7 remote access to your air quality data.

## NOW WITH MOLD RISK INDICATION

When you see mold, it's too late. We have created an algorithm based on the ASHRAE mold index using our humidity and temp sensors to show mold growth risk before the problem actually occurs. Placement is key, so please see our mold page for more details: [airthings.com/mold-risk-indicator](https://airthings.com/mold-risk-indicator)

## INTEGRATIONS\*\*

For audible readings:

For home automation:

## SPECIFICATIONS

Sensor sampling interval: 5 minutes  
 Sensor Resolution / Accuracy: Temperature: 0.1 /  $\pm 1^{\circ}\text{C}/^{\circ}\text{F}$   
 Humidity: 1 /  $\pm 3\%$ . Settling time: TVOC ~7 days  
 Operational Environment: 4°C to 40°C, 39°F to 104°F  
 Power: 3 x AA alkaline batteries  
 Wireless: Bluetooth & SmartLink (for Airthings hub connections)

## PACKAGE CONTENT

Air Quality Detector  
 3 x AA batteries  
 Instruction Manual  
 Table stand

## REQUIREMENTS

Internet-connected smartphone with one of the 3 latest major versions of iOS or Android, supporting Bluetooth 4.2 or later.

## CHECK YOUR AIR QUALITY INSTANTLY

View current and historical levels in the Airthings app and online dashboard, or simply wave in front of the device for a quick indication of your air quality levels.

Green: Air quality is good, breathe easy.

Yellow: Air quality is fair, warning.

Red: Air quality is poor, take action.

## EASY INSTALLATION

Simply pull the battery tab, place it on a flat surface using the stand or attach to the wall using a single screw. Then download the Airthings app and follow instructions to get started.

## FUNCTIONS

Sensors: VOC, Temperature, Humidity, Mold Risk Indicator  
 Visual feedback: Red/Yellow/Green glow indicator  
 Long battery life: Bluetooth: > 2 years. SmartLink: > 3 years  
 Supports wall mounting or table stand  
 Free mobile app for iOS and Android  
 Free online dashboard  
 Mobile and web notifications  
 Wireless connection (Bluetooth or Airthings SmartLink)

## PRODUCT CODES

EAN: 7090031109202  
 UPC: 854232008071  
 SKU: 292  
 Device serial number: 2920xxxxxx

## PACKAGE

Weight: 180g, 6.3oz  
 Dimensions: 105x105x45mm, 4.1x4.1x1.8in

## DEVICE

Weight: 135g, 4.8oz  
 Dimensions: 80x26mm, 3.14x1in
