

Wilfa Uniform Coffee grinder, Silver

251925

For years, Wilfa has been working with the main focus on developing products that give you optimal coffee taste. The key to great coffee lies in the grind, and after 3 years of development, the coffee grinder we've been waiting for is here! The Wilfa Uniform range features 58mm stabilised stainless steel flat burrs for a more precise grind and a smooth extraction.

PRODUCT DETAILS

58mm wide and flat stainless steel mill heads

The machine heads provide a softer particle size for sweeter coffee and richer taste experience.

40 different grind levels with small steps

Coffee grinder grind levels include espresso, aeropress, pour over, filter coffee, press pot and other brewing methods.

Autostop

The grinder stops automatically when the last bean in the container is ground.

Grinds slowly

Uniform grinds slowly to prevent the coffee from overheating and losing aroma and flavor.

Easy to clean

Anti-static stainless steel coffee container is included and reduces coffee dust. Small brush included.

Solid construction

The coffee grinder is made of steel and aluminium.
