*(1) Vs. standard ultrasonic humidifiers without additional technology to reduce the spread of bacteria, as tested by an independent lab

***(2) Lifetime of filter depends on the air quality and usage.

Highlights

Compatible with 3400 Series

Replacement humidification filter for Philips PureProtect 3400 Series, 2in1 air purifier and humidifier: AC3420, AC3421. You can find your air purifier model on the bottom of the device.

Up to 6 months of usage

This humidification filter provides consistent protection and guarantees optimal filtration for up to 6 months (2).

Original replacement filter

The original Philips filter is designed for a perfect fit with your device. For optimal performance, always use the genuine Philips filter.

NanoCloud technology

NanoCloud emits an ultra-fine mist that is invisible to the naked eye. It humidifies air with up to 99,9% fewer bacteria released than standard ultrasonic humidifiers, safe to use with tap water. (1)

Air+ app for filter status

Connect your device to the Air+ app and easily order replacement filters when needed.
