BELLISSIMA PRODIGY 4IN1

PRODIGY 4 IN 1

THE GENTLE HEAT OF CERAMIC AND THE POWER OF AIR FOR ENDLESS STYLES, WHILE RESPECTING THE HAIR*

Bellissima Prodigy is the revolutionary hot air styler that combines the good heat of ceramic, with a powerful airflow and 4 exclusive accessories in a single product for effective drying and all the styles you want, whilst respecting the hair.

Courtesy of the special Ion Ceramic Hi-Pro technology, it generates a gentle heat that respects, protects and helps to maintain the hydration of the hair whilst drying. The high-protection ceramic coating naturally emits good infra-red heat as it warms up, which, combined with the action of the ioniser, delivers an anti-frizz, and hydrating, for soft, shiny hair

The cutting-edge digital motor generates a powerful airflow for high drying and styling performance in less time, while the digital temperature control system protects the hair from the damage caused by excessive heat.

With the exclusive Coanda technology and the 4 accessories included, you can create endless styles quickly and easily.

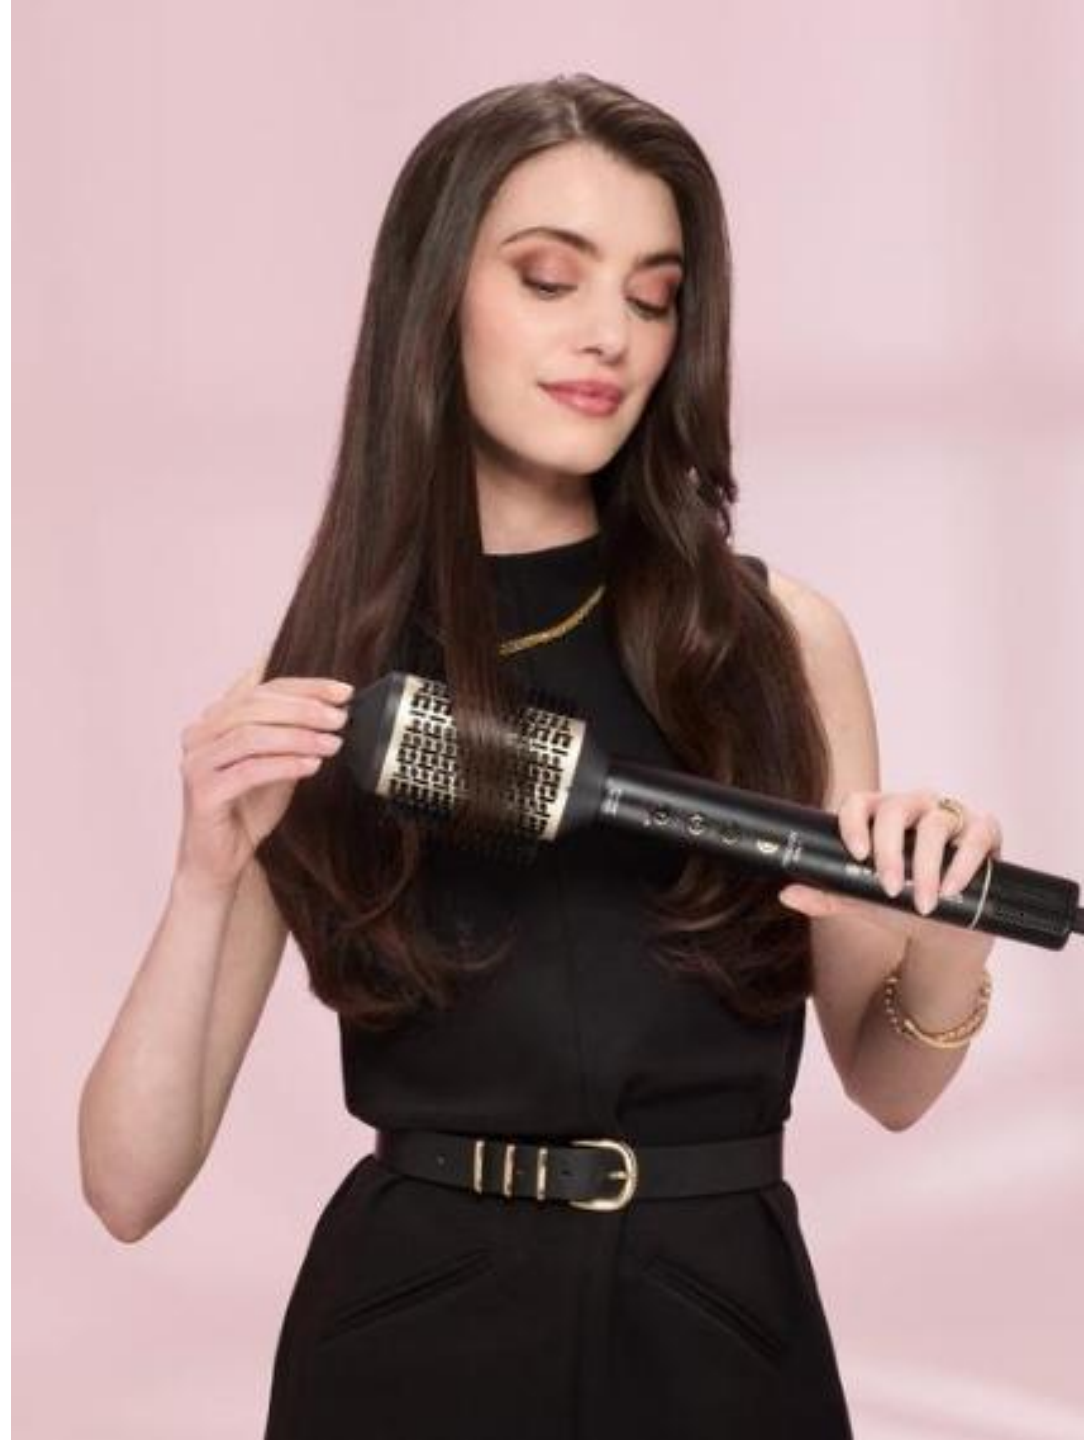

PRODIGY 4 IN 1

Hi-Pro Ion Ceramic Technology

The powerful airflow, which comes into contact with the Ceramic Hi-Pro coating on the front grid and the accessories, generates gentle heat that protects the hair. The high-protection ceramic coating naturally emits good infra-red heat as it warms up, which, combined with the action of the ioniser, delivers an anti-frizz**, anti-dryness effect, leaving hair soft and shiny**.

** Clinical tests carried out in collaboration with the Bio Basic Europe research institute.

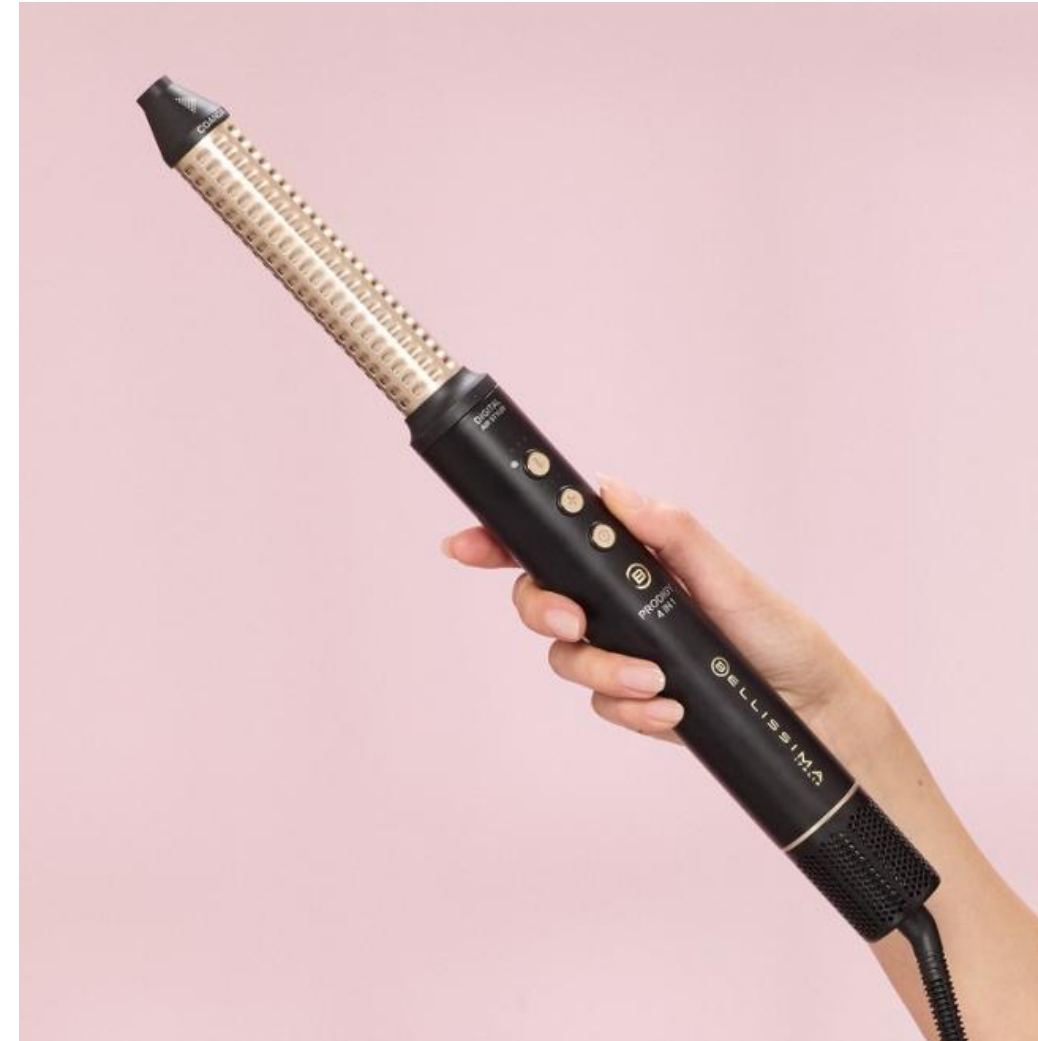

PRODIGY 4 IN 1

- **Digital motor**

The powerful digital motor generates a high-speed airflow with 5 times more pressure than a conventional hairdryer*** for high drying and styling performance in less time.

- **Digital heat control**

Respect for the hair is ensured thanks to the advanced temperature sensor, which measures the air temperature 55 times per second, and the intelligent internal chip that keeps it at the optimal level to protect the hair from the damage of excessive heat.

***Internal laboratory data, air pressure evaluated in comparison with Imetec L1103 hair dryer

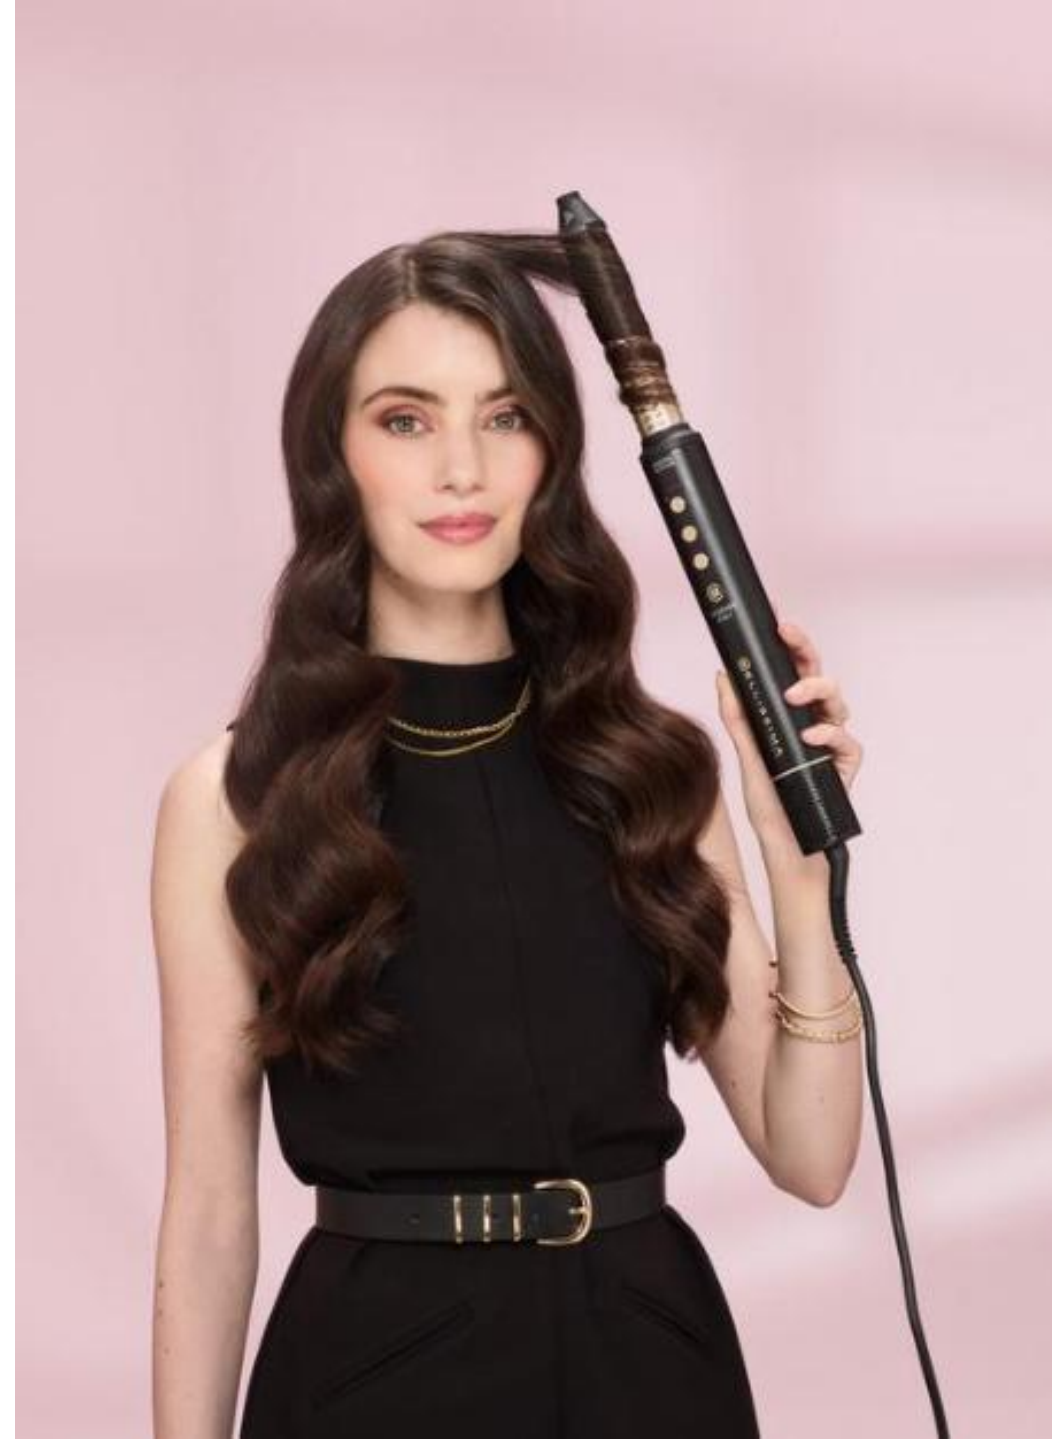

PRODIGY 4 IN 1

Coanda Technology

WAVES AND CURLS QUICKLY AND EASILY

The Coanda effect is an aerodynamic phenomenon. When pushed at the right speed and pressure, air naturally follows an adjacent surface, attracting the surrounding air.

The special Coanda Prodigy technology generates **200 micro-flows** of air that automatically attract and gently and precisely wrap the hair around the cylinders to create waves and curls quickly and easily.

PRODIGY 4 IN 1

4 Unique Styling Accessories

Infinite styles in one gesture

Create all the styles you want with the 4 exclusive styling accessories designed to simplify your hair routine. With a single tool while drying you can create soft or defined waves, perfect straightness and add volume and body to hair from root to tip.

PRODIGY 4 IN 1

GENTLE DRY

EFFECTIVE, GENTLE PRE-DRYING

Concentrator with innovative design, conceived in order to evenly distribute the powerful airflow for fast and effective pre-drying in preparation for styling. With high-protection Ceramic Hi-Pro coating.

PRODIGY 4 IN 1

COANDA PRODIGY

DEFINED WAVES AND CURLS

The special coanda technology automatically gently draws and wraps the hair around the cylinder to create waves and curls quickly and easily.

With 2 Ceramic Hi-Pro high-protection coated cylinders to wrap hair inwards or outwards, creating perfect, consistent looks.

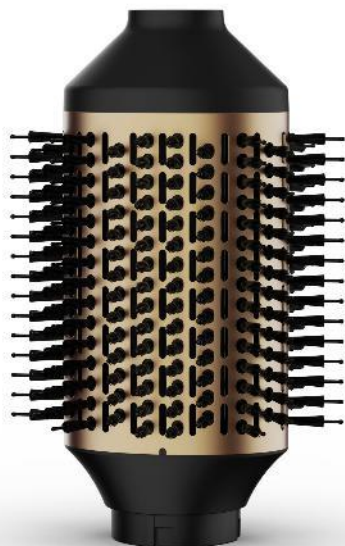

PRODIGY 4 IN 1

VOLUME & STRAIGHT

STRAIGHT OR SOFT WAVES, WITH VOLUME AT THE ROOTS

Oval brush with Ceramic Hi-Pro high protection coating, which gives body and volume to the hair, creating soft waves or a volumised smooth look.

Also perfect for long and very long hair.
