Folding transportation cart

Assembly and operation instructions

1. Check the contents of the package (Figure 1)

2. Place the cart upside down on a soft surface.
3. Mount the castors (A) using four screws per castor (C) under the front edge of the cart (Figure 2).
4. Mount the brake castors under the rear edge below the handle (F) (Figure 2).
5. Fix the belt eyes (D) with one screw each (E) to the underside of the cart (Figure 2).

6. Turn the cart over and stand it on its castors.
7. Press the securing bar (G) down with your foot and fold the handle (F) up until it clicks audibly into place (Figure 3). To fold the handle down again, press the securing bar again.

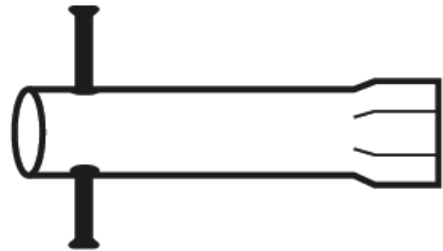

Abb. 3
