

How to Set Up Curve Pay on Huawei Watch

STEP 1

Install Curve Pay

Download Curve Pay on your phone

Download it from HUAWEI AppGallery, the App Store, Google Play, or Galaxy Store, then set up your account and add a card.

Install Curve Pay on your watch

In HUAWEI Health on your phone, go to AppGallery and install Curve Pay directly onto your watch.

STEP 2

Enable Curve Pay on your watch

In the Curve Pay phone app, go to **Launchpad** > **Wearables** and tap your watch to enable payments.

STEP 3

Set-up secure Payments

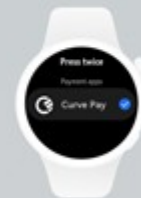

Set up NFC

Settings > More Connections > NFC > Default App > Curve Pay

Set up your PIN

Settings > PIN > Enable PIN > Create PIN, then enable PIN verification for the Payment app

Assign double-click shortcut

Settings > Down button > Press twice > Curve Pay

Tap to Pay

You're all set!

Double-click the down button or simply tap your watch to pay at any contactless terminal.

Curve Pay is now available on HUAWEI WATCH GT Runner 2, Ultimate 2, GT 6, WATCH 5, GT 5 & FIT 4.
