

# i-tec USB-C 4K Travel Docking Station HDMI

i-tec USB-C Travel Docking Station, Multi-function Adapter, 1x HDMI 4K Ultra HD, 1x Gigabit Ethernet, 2x USB 3.0 Port, 1x USB-C port, 1x USB-C Power Delivery / Data Port, compatible with Thunderbolt 3, for Windows, Mac OS, Android, Chrome

## Product Description

Enhance your notebook, tablet or smartphone using USB-C connectivity. This Thunderbolt™ 3 compatible travel docking station with HDMI port supports 4K Ultra HD resolution (3840 x 2160 @ 30Hz) and stereo sound. USB-C Power Delivery (PD) port enables a notebook, tablet or smartphone to be powered and charged (max. 60 W). The unit features two USB-C ports, 1x supporting a data transfer rate of 5 Gbps and 1x USB-C Power Delivery port, which is capable of charging all notebooks, tablets and smartphones with USB-C Power Delivery support.

2x USB 3.0 ports (USB 3.1 / 3.0 / 2.0 compatible) make it easy to connect all of your favourite existing hardware, while the Gigabit Ethernet RJ45 port provides reliable, robust and high speed internet connection, supporting 10 / 100 / 1000 Mbps speeds.

C31MINIDOCK4KPD is extremely compact and lightweight, so perfect for when you are on the move. It is quick and easy to set-up and with no external power supply or driver download, simply plug & play. Suitable for use with Macbook Pro 2016, Macbook 2015, Chromebook Pixel 2015, Acer UX390, Acer Switch Alpha 12, Dell XPS 13 and HP Elitebook Folio G1, as well as other devices with USB-C connectivity.

## Additional Important Information:

- Video transfer is not supported via the USB-C 3.1 (Gen. 1) port. This function is not supported by USB-C docking stations but is supported by Thunderbolt3 docking stations.
- Not all devices / systems with USB-C interface support the full standard functionality. Please ensure that your USB-C device supports DP alt mode and USB Power Delivery.

## Product Overview & Features:

- Connect your notebook, tablet or smartphone to an additional monitor and your favourite hardware via a single USB-C or Thunderbolt 3 port
- Supports all devices with USB-C interface with "DisplayPort Alternate Mode" and „Power Delivery”, or Thunderbolt 3 port
- 1x HDMI port supporting 4K 3840x2160 @ 30Hz and stereo sound
- 1x USB-C 3.1 (gen. 1) port to connect other USB-C devices, supporting a data transfer rate of up to 5 Gbps

- 1x USB-C Power Delivery / Data Port – Power Delivery with the profile 4 for charging laptops, tablets or smartphones with support for Power Delivery. To this port you can connect an original or a universal AC power adapter with USB-C connector, it ensures the constant charging of your laptop, tablet or smartphone during your work. This port also enables data transfer, therefore can be used to connect modern data devices with USB-C connector (e.g. Ethernet adapter, USB Flash Drive...) However the port does not enable video transfer.
- 2x USB 3.0 ports (USB 3.1 / 3.0 / 2.0 compatible), making it easy to connect all of your favourite existing hardware.
- Fast network and Internet access with Gigabit Ethernet RJ-45 port, supporting 10 / 100 / 1000 Mbps speeds
- Ideal for graphic designers, financial officers, gamers and other users working with more than one monitor simultaneously using the “Mirror” or “Extend” modes.
- 1x USB-C connector for connecting docking station to host (data transfer up to 5 Gbps, cable length 15 cm)
- Supports Windows 10 32/64 bit, Mac OS X, Chrome OS and Android 6
- Cross-brand and cross-platform compatibility
