

NGS BT TRUE WIRELESS EARPHONES ARTICA LIBERTY

WIRELESS CHARGING + PROXIMITY SENSOR BT TWS EARPHONES

The brand new True Wireless stereo earphones not only are compatible with Bluetooth Technology 5.0. but also, they have the latest **wireless charging technology for the base**.

Listening to your favorite music or even answering your calls has never been so easy.

Get in touch with your **Voice assistant** and ask her to make a phone call on your behalf from your agenda or a search on internet.

Also, you can enjoy the **free hands** feature and control your phone without having to touch it.

Listening to your favorite music or even answering your calls has never been so easy.

NGS Artica Liberty is equipped with a **proximity sensor** that once it detects you are wearing the earphone, the music starts playing and when you take it off the music stops. Furthermore, if a call enters and you put the earphone on, NGS Liberty picks up the phone and when you take it off the call ends.

Its sporty and ultralight design is equipped with a fastening system that provides a comfortable and safe fit. Ideal for wearing longer and for practicing any type of activity.

They are also resistant to sweat and splash (**IPX5 level**), so you can also practice outdoor sports.

Includes **control buttons** in both headphones for easy handling.

With a battery capacity of 50mAh, enjoy 3.5h autonomy at 70% volume or 5h at 50%. But... if you are one of those who gives it all by setting the volume to the maximum, do not stay with the desire and feel your favorite music for 2.5h without interruptions.

The charging base features a 580mAh battery able to charge the earphones completely 3 times without cables.

With the charging base and earphones fully loaded, enjoy up to 20 hours* of operation.

Due to its small size and its **case** that allows to transport them comfortably and safely, feel free to take them anywhere.
