SOMA TILT INSTALLATION

Before installing and using this product, please read the installation guide carefully.

!!! IMPORTANT !!!

Please charge the battery using the USB cable provided in the pack and a regular phone charger. We ship out the devices with up to 15% charge due to IATA policy regarding lithium batteries.

1

GET IT ON
Google play

Download on the
App Store

Download the mobile app by scanning QR code from package. Alternatively, search for "Smart Shades" in Google Play or Apple App Store.

2

Bluetooth™

Open your phone settings and make sure you have Bluetooth connection enabled. Open Smart Shades app.

3

To activate SOMA Tilt, plug a
USB cable into a regular phone charger.
You will hear a three tone sound.
After that, your SOMA Tilt is ready to be
paired with your mobile phone.
You can remove the charger and continue
the setup.

Open the Smart Shades app and hold
your smartphone next to an activated
SOMA Tilt. Wait until your device
discovers the SOMA Tilt.

First, manually tilt your blinds to an open position (this is important for the configuration step later) and then remove the wand.

Connectors
How to choose & Identify

SOMA Tilt comes with 3 types of connector plugs:

no 8   no 10   no 1

Connector plug nr 10 is by default attached to the SOMA Tilt Flex Cable.

Choose the right connector plug to match your blinds wand hook.

0 in   1   2   3

0 cm   1   2   3   4   5   6   7

Connector no 10

Used by many brands:Basic Blindz, Custom Size
Now by
Levolor, Home Depot, JCPenny, Lowes

How to replace:

1. Make sure to align the wand hook correctly with the connector plug
2.Make sure the hook is deeply and securely pushed in, it should cover the hook and the body as shown

Suitable for blinds which use metal wand hook and slim plastic body. Use the reference scale below to measure and identify the hook.
Connector no 8

Used by many brands:Basic Blindz, Custom Size
Now by
Levolor, Home Depot, JCPenny, Lowes

How to replace:

1. Make sure to align the wand hook correctly with the connector plug.

2.Make sure the hook is deeply and securely pushed in, it should cover the hook and the body as shown.

Suitable for blinds which have full plastic body hook.Use the reference scale below to measure and identify the hook.

Connector no 1

Used by many brands:Basic Blindz, Custom Size
Now by
Levolor, Home Depot, JCPenny, Lowes

How to replace:

Changing end plug connectors - remove

Connector plugs can be changed by pulling them off of the SOMA Tilt flex cable.

Hold the tilt flex cable with one hand and pull off the connector plug.

Changing end plug connectors - attach

Choose the correct connector plug and attach it to the SOMA Tilt flex cable. Make sure little or no metal body is seen to ensure the best fit.

Push the flex cable with attached connector plug firmly over the wand hook.

Make sure to use the right connector plug -
Use the chart on page 6 to find the right option.

8

Peel off the the protective film from the tape and attach the SOMA Tilt to the wall.

SOMA Tilt can be placed outside or inside a window frame or directly on a frame. See more on placement options on page 14.

Placment options

You can place SOMA Tilt outside a window frame.

Alternatively, you can place the SOMA Tilt inside a window frame.

Attach The SOMA Tilt to your preferred location. Use the tape on the back of the device to securely mount it on the wall.

Placment options

Make sure the cable is not twisted too much as this will cause the device to malfunction in the long run, and your SOMA Tilt may not work properly or may be noisy.

Correctly attached cables let the SOMA Tilt operate smoothly

For a more in-depth look at placement possibilities, please go to the following URL:
https://www.somasmarthome.com/pages/support

Follow the on-screen instructions and complete the set-up.

CONGRATULATIONS!

INSTALLATION COMPLETE!

WELCOME TO A SMARTER HOME.

SOLAR PANEL INSTALLATION

Important:

The solar panel must always be installed indoors, directly against the glass so as to allow as much natural light as possible to reach the panel.

Make sure that all the solar cells are exposed to daylight.

Remove the protective film from the solar panel. Also, remove the protective film from the adhesive strip on the front of the panel.

Position the bezel with solar panel facing outdoors, then press it firmly against the glass for 5 seconds.

3

Firmly insert the charging plug into the socket. When inserted correctly, the plug has to make a clicking sound when pushed into the socket.

SOLAR PANEL INSTALLATION COMPLETE!

TRUBLESHOOTING

1 Device is not activating

We ship out devices with up to 15% charge due to IATA policy regarding lithium batteries.

* Please charge the battery using the USB cable provided in the pack and a regular phone charger.

* Make sure the charging plug is completely pushed into the device.

* Try turning the Bluetooth off and on again.

* Make sure that you are using the latest Smart Shades mobile app.

SAFETY

To avoid damaging the product read the instructions before using:

1. Never immerse the device or solar panel into any liquid.

2. Never drill holes into the device.

3. Do not drop the device or the solar panel.

4. Never pierce the solar panel or its bezel frame.

5. Never put anything onto the solar panel (risk of scratching or breakage), especially during intallation.

6. Once installed, never subject the wire harness or other components to strain, pinching, or cutting caused by moving objects.

7. Do not eat the product or the solar panel.

8. THIS PRODUCT IS NOT A TOY. KEEP AWAY FROM CHILDREN. IT IS NOT SUITABLE FOR CHILDREN UNDER THE AGE OF 5, AS SMALL PARTS AND/OR BROKEN PARTS MAY PRESENT A CHOKING HAZARD. IF SWALLOWED, SEEK IMMEDIATE MEDICAL HELP
